PROGRAM INTRODUCTION

The Adam Gyorgy Castle Academy is a 7-day program with intensive and inspirational piano master classes with top professors from the Liszt Academy and the renowned pianist Adam Gyorgy. For the participants of 2019, the students in the group have an opportunity to rehearse an entire concerto movement with one of Hungary's best Symphony Orchestra, the Dohnanyi Erno Symphony Orchestra.

In addition to the top quality learning experience, the Academy organizes amazing cultural activities such as a live gipsy music night where the students get inspired by a live gipsy band improvising, seeing Budapest at night from a private boat with all its architecture, lectures on stage fright and performance routines, folk music night for learning local dances and much more.

It is an enjoyable and transformative 7 days. The program is held in a beautiful castle close to Budapest (20 minutes from the center), a green suburb of Budapest with access to the mountains and easy access to Budapest. Most of the students and teachers return year after year, such as students from Juilliard returning six out of eight years and many similar loyal members. Due to the incredible high demand of the program, we accept limited applications from students, teachers and parents as this trip serves as a unique family experience and in the heart of Europe.

PROGRAM INTRODUCTION

Adam Gyorgy's philosophy is to introduce Classical Piano School in a new dimension focusing on inspiration, music and technique. The Adam Gyorgy Castle Academy's extremely successful program welcomed students from top universities such as Cleveland Institute of Music, The Royal School of Music in London, or The Juilliard School in New York among others.

The Castle Academy's faculty is always selected to match Adam's philosophy. The faculty connects to each individual participant on a personal level, understanding the stories behind and supporting individual development at this very unique professional gathering.

Nobody is left out – classes for everyone

“

The location is beautiful, especially where the castle is near Budapest. It is one of the kind that you don't really get anywhere else. All of the other camps that I attended, usually they just had 1 lesson a week, but with the Adam Gyorgy Castle Academy, you will have lessons every day, with so much information, with the most wonderful professors in the world.

I like the every night event. We had the sport night, we had amazing food, but the Gypsy night was my favourite because you actually heard what Liszt heard back in his days when he composed the Rhapsodies; especially how they played so carefree and they played from their heart. I think that is what music is about.

I think one of the things that I enjoyed the most was how much everyone was so helpful to each other, even between students.

I definitely will come back next year and really recommend everyone to come to the Adam Gyorgy Castle Academy, this is one of the best programs I have ever attended.
